TENDERS DELIVERED

Index Projects Ltd is a registered general supplier and tender contractor based in Nairobi, Kenya. For 15 years, we've delivered reliable, compliant supply across government ministries, state-owned enterprises, and corporate clients. Our multi-category capability allows institutions to source everything they need through one dependable partner, from ICT equipment to health tech infrastructure, furniture, food provisions, and specialized advisory services.

We combine local market knowledge with the operational discipline institutional procurement demands: full compliance, consistent delivery, and long-term accountability.

Vision & Mission

Vision

To be a trusted, reliable, and compliant supply partner for institutions across Kenya and the wider East African region.

Mission

To deliver quality goods and services to public and private institutions, on time and within required standards, every time.

Our Services

✓ ICT & Electronics Equipment Supply

Computers, networking equipment, communication devices, and electronic hardware, sourced, delivered, and installed to specification.

✓ Health Tech & Medical Infrastructure

Procurement and deployment of clinical infrastructure, including electronic health record (EHR) systems, diagnostic imaging equipment, cold chain storage for pharmaceuticals, and certified medical consumables.

✓ Food Products & Provisions Supply

Bulk and institutional food supply, meeting strict quality and safety standards for government and corporate kitchens, cafeterias, and stores.

Furniture, Fittings & Office Fit-Out

Office and institutional furniture, architectural fixtures, and complete space fit-outs, including smart building infrastructure such as automated lighting, UPS systems, backup power, and climate control.

Office Supplies & Stationery

Office Supplies & Stationery Dependable, ongoing supply of office consumables and stationery, keeping institutions stocked and running without disruption.

Consultancy & Advisory Services

Practical procurement and operational advisory support, helping institutions plan, source, and execute with confidence.

Training & Capacity Building

Structured training programs designed to build institutional capacity and strengthen staff performance.

Thank You for Your Partnership
